

A UNIQUE RESIDENTIAL RETREAT FOR WOMEN

THE WORTHY LEADER RETREAT

ELEVATING YOU: FROM POTENTIAL TO
MASTERY

28-29
JUNE
2024

D'VILLA
Janda Baik, Malaysia

As women in senior leadership positions, we come together as like-minded women, seeking to fully claim our inner worth. After thousands of coaching conversations, we've found that women leaders often question their worth and struggle to shift ingrained narratives, making it challenging to connect with more relevant ones for our current phase of life.

Our program recognizes the unique struggles faced by women leaders, from navigating biases in the boardroom to balancing a leadership role with personal and family well-being. We confront the realities of our journey.

At the Worthy Leader Retreat, we address these issues with wisdom and compassion, so that you can start to shape and elevate your leadership impact.

Together, we'll rewrite the narrative, paving a future where women leaders thrive and excel. Together, we will harness the power within and redefine what it means to lead with purpose and impact. Together, we will travel the Worthy Leader Journey.
